

## Wheelchair rental - Conditions

In the Gardens of Trauttmansdorff Castle People with disabilities can **rent wheelchairs** (2 electric and 1 mechanical) **for free**.

The use of these wheelchairs is at your own risk. Upon handover, a form must be signed to explain and confirm:

- that he or she will always be accompanied by at least one person;
- that the wheelchair (mechanical wheelchair, electric wheelchair or scooter) received is undamaged and in a fully functional state; in particular, he/she and his/her companion (or in the case of a mechanical wheelchair, the accompanying person who shall push the wheelchair), confirm that they have checked the brakes and the parking brake, and have found them to be fully functional;
- that he or she fulfills the necessary requirements for driving and steering the borrowed wheelchair;
- that he or she has sufficient practice in operating the wheelchair to do so in a safe manner;
- that the wheelchair user, together with person who pushes the wheelchair, declares that he/she has third party liability insurance that covers operation of the borrowed wheelchair, and that he/she expressly assumes liability towards third parties for any damages that may arise through use of the wheelchair;
- The Gardens of Trauttmansdorff Castle complex is situated in open terrain; there are bodies of water, and the complex is also located on a hillside. All paths have been laid out and secured in accordance with current legislation. Operation of a wheelchair along the garden's paths, whether driving oneself or being pushed, must be undertaken with caution, and in particular, operation of the wheelchair must be adapted to the steepness of the paths and to one's own physical condition;
